A 10-year-old, Negi sensei is from Wales, UK and is a mage in training. The 32 students whom he teaches are all unique and colorful ninth-graders. Konoka, the lady of the largest magic family in Japan, and Setsuna, the sword wielder who has been protecting Konoka since they were kids, the two are really good friends, and they will get remarkably closer in this episode!?

Secchan, Secchan.
